most public debate on reunited germany has emphasized economic issues such as the collapse of east  
german industry mass unemployment career difficulties and differences in wages and living standards  
the overwhelming difficulty resulting from reunification however is not persisting economic  
differences but the internal cultural divide between east and west germans one based upon different  
moral values in the two germanies the invisible wall that has replaced the previous highly visible  
territorial division of the german nation is rooted in issues of the past the nazi past as well as  
the german democratic republic past in emphasizing economic differences the media and academics  
have avoided dealing with typically german cultural traits these include the psychological posture  
of west germany which emphasized not differences between east and west but the break with germany s  
nazi past the adversarial posture of certain professional groups in east germany towards the  
liberal and democratic values of west germany have also been an obstacle reviewing the problems  
accompanying reunification chapter 1 explores german culture and history and the moral lessons  
evolved from the nazi past chapter 2 focuses on the east west mindset and how differences in  
attitude affect efforts to adapt to reunification chapter 3 discusses the simulated break with nazi

germany in the german democratic republic chapters 4 5 and 6 analyze the roots of the adversary posture of the professional groups in east germany towards the values of the berlin republic chapter 7 demonstrates the strong presence of inherited typically german cultural traits among east germans such as a lack of individualism suspicion of strangers and obedience to authority chapter 8 documents the extent to which a right wing extremist culture has remained latent in eastern germany chapter 9 documents the extent to which moral reasoning in the gdr relieves the individual of any kind of responsibility for the actions of the state reproducing the way ordinary germans rationalized their participation in the nazi regime immediately after world war ii chapter 10 concludes with an overview of the historical and sociological factors revolving around the discussion of nazi germany the gdr and inner unification this volume will be important for historians political scientists anthropologists sociologists and a general public interested in germany s reunification

edward gibbon s monumental work the history of the decline and fall of the roman empire spans six volumes meticulously chronicling the complexities of rome s gradual disintegration from the height of its power to the multifaceted factors contributing to its decline written in a lucid and elegant prose style characteristic of the 18th century gibbon employs a rich narrative interwoven with philosophical insight rigorous analysis and a keen awareness of historical context his exploration delves into the interplay of political military and cultural shifts presenting a comprehensive perspective not only on rome but also on the broader themes of governance and civilization gibbon an english historian and member of parliament was profoundly influenced by the enlightenment ideals of reason and skepticism towards traditional authority his personal experiences combined with his extensive reading of classical literature and contemporary historiography equipped him with a unique lens through which to examine roman history his reflections on decay and renewal resonate profoundly with a rapidly changing 18th century europe which was grappling with its own historical transformations this work is an essential read for anyone interested in the intricacies of history and the profound influences of past civilizations on modern society gibbon s analysis not only illuminates the reasons behind rome s downfall but also serves as a cautionary tale about the fragility of empires its timeless relevance and scholarly rigor make it a pivotal addition to any

historical library in this enriched edition we have carefully created added value for your reading experience a succinct introduction situates the work s timeless appeal and themes the synopsis outlines the central plot highlighting key developments without spoiling critical twists a detailed historical context immerses you in the era s events and influences that shaped the writing an author biography reveals milestones in the author s life illuminating the personal insights behind the text a thorough analysis dissects symbols motifs and character arcs to unearth underlying meanings reflection questions prompt you to engage personally with the work s messages connecting them to modern life hand picked memorable quotes shine a spotlight on moments of literary brilliance interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

edward gibbon s six volume history of the decline and fall of the roman empire 1776 88 is among the most magnificent and ambitious narratives in european literature its subject is the fate of one of the world s greatest civilizations over thirteen centuries its rulers wars and society and the events that led to its disastrous collapse here in volumes three and four gibbon vividly recounts the waves of barbarian invaders under commanders such as alaric and attila who overran and eventually destroyed the west he then turns his gaze to events in the east where even the achievements of the byzantine emperor justinian and the campaigns of the brilliant military leader belisarius could not conceal the fundamental weaknesses of their empire for more than seventy years penguin has been the leading publisher of classic literature in the english speaking world with more than 1 700 titles penguin classics represents a global bookshelf of the best works throughout history and across genres and disciplines readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators from the trade paperback edition
